

October 21, 2016

Hi All,

For some unexplained reason, the recording of Online Office Hours for October 20 did not include audio. So, I have decided not post it.

It was a short session in which we discussed the instructions and grading rubrics for the various project deliverables that will be due in Week 15. I confirmed that these documents will be available early next week.

Please join one of our Online Office Hours sessions soon. I always enjoy speaking with you.

Best Regards,

Kevin
