Title: Generate report of student's attendance	Priority: 3	Estimate:
<p>As a student</p> <p>I want to generate a report of my attendance in a particular course</p> <p>so that I can estimate what effect my attendance might have on my course grade.</p>		
<p>Acceptance criteria</p> <p>Given that I am logged into the Student Attendance System as a student:</p> <p>When I indicate that I want to generate an attendance report for a course, Then I see a list of courses for which a report may be generated.</p> <p>When I select the course for which I want a report to be generated, Then I see the report which contains a list of class meetings to date, an indication of whether I was present or absent at each meeting, and total present and absent counts to date.</p>
