

# **IS446 – Systems Analysis and Design**

## **User Stories Practice Assignment**

### **Instructions**

#### **Overview**

You will be creating two user stories for the iSchool Webstore System.

#### **Assignment Details**

Using the MS Word template for user stories that has been provided in the weekly schedule, complete user story documentation for the following user stories:

1. Pick Order – Assume that the functionality being captured by this user story is the same as that which you documented in a use case specification in our previous assignment.
2. Choose any other user story for iSchool Webstore.

While completing your user stories use Chapter 10 of the Layton, Ostermiller & George 3e textbook as a guide.

#### **Deliverables**

You will be creating two separate user story documents.

#### **Format**

Both the use case specification and the activity diagram should be separate PDF documents.

## **File and Directory Naming**

Create a directory that will hold your two documents. Name the directory using the following scheme:

**surname\_givenname\_user\_stories**

If I were completing this assignment, I would name my directory:

**trainor\_kevin\_user\_stories**

The directory should contain your two documents. These should be in PDF format and should be named according to the following scheme:

**surname\_givenname\_pick\_order\_user\_story.pdf**

**surname\_givenname\_storyname\_user\_story.pdf**

If I were completing this assignment, I would name the files as follows:

**trainor\_kevin\_pick\_order\_user\_story.pdf**

**trainor\_kevin\_ship\_order\_user\_story.pdf**

Use a zip utility to zip up the entire directory to create one file for submission. The submitted file should be named according to the following scheme:

**surname\_givenname\_user\_stories.zip**

If I were completing this assignment, I would name the files as follows:

**trainor\_kevin\_user\_stories.zip**

**PLEASE NOTE: All file names must be in lower case. Deductions will be made for submissions that do not conform to this standard.**

## **Due Date**

Please see the Weekly Schedule for the date and time when this assignment is due.
